1.2 Singles Events

1.2.1 In each of the men's and the women's singles events there will be a maximum of 70 players, with not more than two players from the same National Olympic Committee (NOC)

1.2.1.1 If the number of qualified players exceeds 64, a preliminary round will take place to reduce the number of players to 64.

1.2.2 Men's singles and women's singles will follow a knockout (single elimination) format. The entries ranked 1 to 16 will qualify directly to the third round, the entries ranked 17 to 32 to the second round and the entries ranked 33 to the total number of participants will qualify to the first or preliminary rounds following Annex 1 chart and explanations.

1.2.2.1 The losers of semi-finals will play-off for the Bronze medal.

1.3 Team Events

1.3.1 In both men's and women's team events there will be a maximum of 16 teams entered, each team representing an NOC.

1.3.2 A team consists of three players but a team of two players is allowed to participate in the team match if the third player is absent due to injury, illness or disqualification. If a player is not able to play a match due to injury or illness he or she will forfeit the match but he or she can participate in his or her subsequent matches of the team match. If a player is not able to play, the team may continue the competition with two players. If an NOC has a "P" athlete accreditation, a player can be replaced if the process of replacement is completed (see Appendix 1, Replacements: procedures and deadlines) at least 2 hours before the next team match. "P" athlete accreditation does NOT apply for replacing disqualified players.

1.3.3 Each team match consists of five individual matches and ends when one team has won a majority of the possible individual matches. Each individual match is the best of five games.

1.3.4 A team match consists of two singles matches followed by a doubles match, followed, if necessary, by one or two singles matches, until a team wins three matches.

1.3.5 For each team match, the captain will nominate the players who will play the first two singles matches. The third player will play in the doubles match (match number 3) with either of the two players who played the first two matches, selected by the captain after the second singles match is completed. The remaining matches (if necessary) will be set in a way to ensure that each player plays a maximum of two matches according to the

following system:

Order	Type	ABC team	XYZ team
1	Singles	A	X
2	Singles	B	Y
Captain chooses DBL pair. 5 minutes break			
3	Doubles	C + A or B	Z + X or Y
5 minutes break			
4	Singles	A or B (non-playing Doubles)	Z
5	Singles	C	X or Y (non playing Doubles)

- 1.3.5.1 Before the start of the match, the team that wins the toss shall choose to be either the ABC team or the XYZ team.
- 1.3.5.2 After choosing ABC or XYZ team, the captain nominates players in position A, B, C or X, Y, Z.
- 1.3.5.3 After the captain hands over the nomination sheet for doubles (once the 2 first singles matches have been played), the match order of the 4th and 5th matches is automatically decided.
- 1.3.5.4 There will be a 5-minute break prior to and following the doubles match.
- 1.3.6 The team competition will follow a knockout (single elimination) format.
- 1.3.6.1 The losers of semi-finals will play-off for the Bronze medal.

1.4 Procedure when a team has only 2 players.

- 1.4.1 A team of two players is allowed to participate in the team matches if the third player of the team is injured, sick or disqualified and no alternate player is available (in the case of injury of illness; no replacement is allowed for a disqualified player).
- 1.4.2 Before the start of the match, the team winning the toss chooses either to be the ABC team or the XYZ team and the two team captains decide the order of players. The team with the injured, ill or disqualified player will lose the match/es supposed to be played by this player automatically by walkover following the established order of matches. The final result of the team match will be the played matches scored plus walkover matches scored.

1.5 Procedure when both teams have only 2 players.

- 1.5.1 The competition format will be as follows:

Order	Type	ABC team	XYZ team
1	Singles	A	X
5 minutes break			
2	Doubles	AB	XY
5 minutes break			
3	Singles	B	Y

- 1.5.2 If both teams have only two players participating in the team match, the team match will end when one team has won a majority of the possible matches and this team will be declared the winner of this team match (2:0 or 2:1).

1.6 Replacement of a player in a table tennis team

- 1.6.1. An NOC can replace a player if it has a "P" athlete accreditation available and the process of replacement is completed (see Appendix 1, Replacements: procedures and deadlines) at least 2 hours before the next team match.
- 1.6.2. In case of replacement, the accreditation of the player replaced will be cancelled.
- 1.6.3. The "P" athlete can only activate the new accreditation and compete in the team events once the accreditation of the player being replaced has been cancelled. The "P" alternate athlete accreditation is used to replace an athlete who can no longer compete due to medical conditions following the sports entries deadline by name.
